Matter for Decision**LC61 *KiwiWalks* for the Council's Parks and Forests****Report 99.219**

File: R/8/3/1

Ms Natalie Baty, Active Living Programme Co-ordinator, Sport Wellington Region, spoke about *KiwiWalks*, a Hillary Commission Promotion with local Councils, and suggested ways the Regional Council could become involved with the Programme. Ms Baty noted that was the first Regional Council to be approached and there was already one walk in Wellington in Oriental Bay. Copies of walkway signage and leaflets were distributed for information. Truck signage would incorporate the WRC logo. There are minimal cost implications for Regional parks.

Following questions, Councillor Werry said walking was the most popular recreational activity in New Zealand and visitor numbers to Regional Parks suggested this. Councillor Werry thanked Ms Baty for her comments to the Committee.

Councillor Macaskill left at 9.45am.

Resolved

(Cr McQueen/Cr Thomas)

- (1) That the incorporation of appropriate Wellington Regional Council walking tracks in the *KiwiWalks* Programme be approved in principle.*
- (2) That officers be asked to report back to the Committee for specific approval once it is clear which tracks meet the *KiwiWalks* criteria.*

LC62 **1999/2000 Annual Plan – Recommended Variations**

Report 99.289

File: N/50/1/23, N/6/30/2, N/2/14/6

Resolved to Recommend

(Cr Long/Cr Thomas)

That the Landcare Committee:

- (1) Receive this report and note its contents.*
- (2) Recommend to the Policy and Finance Committee's final Annual Plan meeting, that the Porirua Stream Realignment, and the Mangaone Flood Hazard Assessment, be re-budgeted from the 1999/2000 Annual Plan to 2000/01.*

Members noted the above recommendation would not pre-empt any submissions on the Annual Plan as this would be considered in conjunction with the submission resolutions (from the Policy and Finance Subcommittee meetings) at the Policy and Finance meeting on 29 June 1999.

Mr Gilbert sought more information on the reasons for deferring the Mangaone Flood Hazard Assessment.

Recreational Users Along the Hutt River

Members noted the increasing popularity of the walkways on the Hutt River and asked officers to investigate within the long term financial strategy discussions, the need for a ranger.

Waikanae River

Councillor Turver criticised the lack of communication of programmed delays for the State Highway 1 to Maple Lane Capital Works. Councillor Turver sought reassurances should there be a repeat flood event in October.

Officers agreed to keep Councillor Turver and the local community briefed on any delays in capital improvements. Mr Paul said that the original capex programme had always been ambitious; he expected work to commence in October/November this year.

Councillor Shaw wants the Forest formally incorporated into the Regional Parks network. That should be considered further during the Long Term Financial Strategy discussions.
