Request for information 2022-151

I refer to your request for information dated 7 September 2022 which was received by Greater Wellington Regional Council (Greater Wellington) on 7 September 2022. You have requested the following:

“Please provide me with a list of all complaints received regarding odours from Spicer landfill from 1 April 2022 to 31 August 2022. Please include the street name of where the odour was noticed for each complaint.”

Greater Wellington’s response follows:

Attached is the spreadsheet of complaints about odour from Spicer Landfill recorded in Greater Wellington Regional Council’s Ozone database from 01 April 2022 to 31 August 2022. Please note the search term ‘spicer’ was used to identify these records. See **Attachment 1**.

We have withheld information pertaining to names, contact details, and addresses of notifiers under section 7(2)(a) of the Local Government Official Information and Meetings Act 1987 (the Act) in order to protect the privacy of natural persons, including that of deceased natural persons.

If you have any concerns with the decision(s) referred to in this letter, you have the right to request an investigation and review by the Ombudsman under section 27(3) of the Act.

Please note that it is our policy to proactively release our responses to official information requests where possible. Our response to your request will be published shortly on Greater Wellington's website with your personal information removed.

22165	20/05/2022	21:28:50	ATTENDEDQ> What is the Sub-Type?A> DIS-AIR ODOUR</questions> GW email 20 may 2022@6.11pmHi thereThis is an odour compliant against Spicer Landfill.Today 20/5/21 my household (Chester Road Tawa) smelt the tip 3 times which was absolutely mind blowing with the high winds and rain today. We spelt rubbish (normal smells recognised with spicer) at:6.45am12.20pmand 4.50pmThe smell was being carried in the wind it smelt like rotten rubbish. Also today was recycling day so there was no general waste in our street.<questions>Q> What is the Sink?A> AIRQ> What is the Affected Site?A> SAME AS NOTIFIER SITEQ> What is the Activity Type of the Source?A> LANDFILLQ> What is the Environmental Effect?A> NOT ASSESSEDQ> What are the Investigation Findings?A> NOT	ENV-17-19-02	5028	■ CHESTER ROAD TAWA WELLINGTON
22167	21/05/2022	20:59:17	ATTENDEDQ> What is the Sub-Type?A> DIS-AIR ODOUR</questions> GW email 21 May 2022 @8.44pmHi therel smelt spicer landfill three times today, once at 10.30am outside my house (the rotten rubbish smell travelled through my windows and stunk my house out), once at 5pm walking on main road around Urban Eatery and Harcourts, then again at 5.10pm walking up Chester Road the wind was carrying a rotten rubbish smell. All up I'd rate it a 2/10 it was repulsive but not as strong and thick likely due to high winds.<questions>Q> What is the Sink?A> AIRQ> What is the Affected Site?A> SAME AS NOTIFIER SITEQ> What is the Activity Type of the Source?A> WASTE PROCESSINGQ> What is the Environmental Effect?A> NOT ASSESSEDQ> What are the Investigation Findings?A> NOT	ENV-17-19-02	5028	■ CHESTER ROAD TAWA WELLINGTON

22216	27/05/2022	15:32:36	<p>Hi there, I would like to reach out in regards to Spicer Landfill and its years-long issue with Odour for the nearby residents. On top of the frequent issues with odour which in some cases are very strong and unpleasant making it not possible to enjoy the outside of our many properties and sometimes have to drive the family out for a few hours until it subsides, the Porirua council is trying a new resource consent to extend the landfill despite the fact they cannot obey to the rules of the current consent in releasing those nauseous gases in the nearby suburbs. Today they've sent an outrageous email to the residents which are in contact with the PCC. In the email, they say that they are mulching green waste and that will cause a strong odour in the suburb for the next 5 days. My enquire for the GWC which is the authority that can revoke their RC or enforce actions against the PCC is about the legality of the landfill to inform the residents that they will conduct an activity in there which will force thousands of families to endure the unpleasant smell they are producing due to their inability to properly follow the current resource consent which has an explicit definition in what is acceptable in terms of odour. Thanks</p> <p>Q> What is the Sink?A> Q> What is the Affected Site?A> Q> What is the Activity Type of the Source?A> Q> What is the Environmental Effect?A> Q> What are the Investigation Findings?A> Q> What is the Sub-Type?A></p>	<p>MAIN ROAD TAWA WELLINGTON 5028</p>

			Email received 4:55pm - The smell on Chester Road from the Spicer Landfill is so incredibly bad tonight (10/10) that I'm sure it's a health hazard. Absolutely the worst since 2013, it's completely unacceptable. I'll be emailing you from now on to prove your inability to fix the problem to the Ombudsman. Also, let this be confirmation that I've tried to escalate the issue and you've never responded to me in writing (or over the phone) about how to escalate the matter within the GWRC. GWRC's inaction is disgraceful. <questions>Q> What is the Sink?A> Q> What is the Affected Site?A> Q> What is the Activity Type of the Source?A> Q> What is the Environmental Effect?A> Q> What are the Investigation Findings?A> Q> What is the Sub-Type?A> </questions>

			<p>Sent: Thursday, 7 July 2022 7:33:45 PM I have seen a huge amount of complaints on our community pages today about the smell everywhere in Tawa and people also complaining that they can't get through to GWRC...calls being dropped and unanswered so a lot of people are calling. If Spicer doesn't get a breach notice today I guess we'll know GWRC are not trying to help residents. Can I please have details of a manager higher up? I've asked many times and just get ignored. I'll be taking this higher regardless and to the ombudsman likely if this treatment continues any longer.<questions>Q> What is the Sink?A> Q> What is the Affected Site?A> Q> What is the Activity Type of the Source?A> Q> What is the Environmental Effect?A> Q> What are the Investigation Findings?A> Q> What is the Sub-Type?A></p>	<p>■ CHESTER ROAD TAWA WELLINGTON 5028</p>

Sent: Monday, 1 August 2022 7:12:07 am To: "Info" <info@gw.govt.nz> Subject: Spicer landfill odour complaint
 Good morning I smell rubbish from Spicer landfill porirua at my property on chester road Tawa. I would rate the smell a 2/6. Please let the duty officer know that the smell will likely come back as the temperature rises today as it usually lifts over the hill as it warms up.

22681 2/08/2022 8:22:22 ATTENDEDQ> What is the Sink?A> AIRQ> What is the Affected Site?A> SAME AS NOTIFIER SITEQ> What is the Activity Type of the Source?A> LANDFILLQ> What is the Environmental Effect?A> NOT ASSESSEDQ> What are the Investigation Findings?A> NOT ATTENDEDQ> What is the Sub-Type?A> DIS-AIR ODOUR</questions>

<< Recieved 1/08 at 11:30pm >>Hi there I smelt rubbish coming from Spicer landfill porirua at 5.30pm today walking up chester road - would rate the smell a 2/6. I also smelt it at 6pm in my house because I had my laundry window open. That instance was much stronger

22685 2/08/2022 11:15:53 ATTENDEDQ> What is the Sink?A> AIRQ> What is the Affected Site?A> SAME AS NOTIFIER SITEQ> What is the Activity Type of the Source?A> LANDFILLQ> What is the Environmental Effect?A> NOT ASSESSEDQ> What are the Investigation Findings?A> NOT ATTENDEDQ> What is the Sub-Type?A> DIS-AIR ODOUR</questions>

The caller said that the Spicer Landfill is really bad at the moment. It smells like rubbish bins at the moment and she rates it a 5/6.
