Request for information 2024-254

I refer to your request for information dated 25 September 2024, which was received by Greater Wellington Regional Council (Greater Wellington) on the same day. You have requested the following:

“Can I please make an updated request for the same sort of data as previously – I’ve attached the response I received in 2021. Essentially, I’d like to request:

Monthly patronage, by mode, by area (so essentially a timeseries as long back as records go for Bus patronage by area, rail patronage by area, etc – data like what is published in the monthly performance reports

Daily patronage, by mode, since 1 January 2021?”

Greater Wellington’s response follows:

The attached excel spreadsheet (**Attachment 1**) contains the information you have requested. The data is in the same general format as the response provided to you in 2021 (request 2021-225 refers).

Please note there are relevant caveats that should be considered in relation to the data:

- Patronage was significantly impacted by COVID-19 travel restrictions during lockdown periods and this is also reflected in the data.
- While Metlink holds the daily data for both bus and rail services, it does not report on daily totals due to the way the trip data is generated, stored and utilised.
- The daily bus patronage is retrieved from a data source that does not include the number of passengers recorded through the Airport Express contactless payment and

passenger numbers on non-Metlink services (which come from different sources and combined later into monthly reporting).

- The patronage numbers contained in the daily rail data sheet are approximate numbers of passenger trips for each rail line. This is based on raw passenger counts by the operator of rail services at the busiest point on each service, which is then converted to passenger trips using a number of multipliers for each line and time of day. The multipliers are derived from a survey of passenger boardings at railway stations.
- The monthly data includes special event services totals, which are not included in the daily totals for rail.
- In the daily rail data sheet, some days are listed as nil patronage (with “0” values) due to some rail services being replaced by bus due to planned or unplanned maintenance that is not always recorded.

Given the above caveats, the total daily patronage numbers do not reconcile exactly with the total monthly bus and rail patronage totals. Regular reporting of monthly data is published on the Metlink website at: <https://www.metlink.org.nz/about-us/performance-of-our-network>.

I trust you find the information provided helpful.

If you have any concerns with the decision(s) referred to in this letter, you have the right to request an investigation and review by the Ombudsman under section 27(3) of the Local Government Official Information and Meetings Act 1987.

Please note that it is our policy to proactively release our responses to official information requests where appropriate. Our response to your request will be published shortly on Greater Wellington’s website with your personal information removed.

Nāku iti noa, nā

Samantha Gain
